KURIANSKY
 FITNESS CENTER

at The

Aqua Aerobics: Have fun in the water with new friends while enjoying a low-impact workout designed to improve cardiovascular endurance through aerobic exercises.

Aqua-fit: Set to great music, this class delivers a low-impact workout that works to improve cardiovascular health and conditioning, while building muscular strength and endurance. Using buoyancy and water resistance and large low-weight noodles, participants get a safe, effective, and fun workout for all ages and fitness levels.

Barre: Isometric weight training, challenging muscles using a minimal range of motion. Floor exercises include abdominals, chest, legs, and gluteal muscles. The barre will improve your balance, build strength, increase flexibility, burn calories, and improve stability through a stronger core.

Barre-Pilates: This Barre-Pilates class blends elements of ballet, Pilates, and yoga. Expect a challenging yet rewarding workout that combines isometric holds, dynamic movements, and controlled flows to sculpt your body, improve posture, and increase core strength and flexibility.

Barre & Strength: Combining barre movement that focuses on small isometric movements with full-body strength training using weights and bands! Cardio will be added for a complete work out!

Barre TRX: This class combines all of the energy and fun from Barre class with the challenge of suspension training. Get ready to lengthen, strengthen and tone every muscle in your body.

Bootcamp: With new exercises every class along with modifications, come see how rewarding it feels to complete this class with your fellow class participants. Your t-shirt will be a darker shade after this class due to your sweat but most importantly you will feel amazing!

Boxing: A technique & cardio focused boxing class using basic but effective boxing combinations, calisthenics, and explosive plyometric movements to deliver an immersive and challenging workout with an opportunity to let loose and test your skills on the bag!

Candlelight Yoga: This class offers a relaxing slow flow perfect for all levels of yogi. We curate a serene ambiance with softly lit flameless candles and gentle music to create the perfect atmosphere for relaxation. A soft and supportive space to completely let go.

Chair Yoga: Chair yoga is a gentle practice in which postures are performed while seated and/or with the aid of a chair. Your instructor will guide you through a series of traditional poses, balance work, and meditation as you gain confidence and build strength. It is a great form of yoga for beginners or anyone who wants to focus on a gentle practice.

Core & More: Blending Pilates-inspired moves and weight training to tone and strengthen, Core & More is more than crunches. Sculpt your midsection and train your core in a resistance and repetition focused workout.

Core-Strength & Balance: This class is designed to build a strong core and improve your balance through targeted exercises. We'll utilize a combination of bodyweight movements, dumbbell work, stability training, and focused core engagement to enhance postural control and stability. Expect to challenge your muscles and improve your overall coordination, leading to better functional movement.

Functional Conditioning: Focusing on functional strength training movements using different modalities for conditioning.

Functional Strength: Strength work to help improve your everyday activities! Modifications and variations will be made for every body!

HIIT Cardio: Give it everything you've got in this high-intensity, conditioning-centric workout that utilizes interval training to improve your strength and cardiovascular health.

Les Mills BODYPUMP: Build strength and get lean and toned in this repetition focused, total body workout. BODYPUMP engages all major muscle groups using light to moderate weights in an intense and highly motivating strength-training workout.

Les Mills Tone: This modern training experience delivers a mix of cardio, resistance, and core training in a fat-burning total body workout. A great foundational class, Les Mills Tone is highly accommodating of all fitness levels.

Masters Swim: Provides an organized workout plan from a USA swim coach. Participants will receive coaching on how to improve their swimming and overall fitness and health.

Step: Performed by stepping on and off of an elevated platform while doing upper body movements, this aerobic workout improves overall fitness by building strength, reducing fat, and boosting your cardiovascular health.

Strength & Stretch: Get a full-body strength workout and then restore and release with focused stretching.

Strength Circuit: Use progressive resistance to control and develop strong, ripped muscles. Moderate weight with intervals of cardio will get you in the best shape of your life! This class is a great compliment to Les Mills BODYPUMP and cardio workouts.

Strength & Conditioning: Our Strength & Conditioning class combines a variety of exercises, including weightlifting, bodyweight training, and plyometrics, to target all major muscle groups and improve functional fitness. Whether you're an athlete looking to boost your performance or simply want to get stronger and healthier, this class is perfect for you.

Strength in Chairs: Increase muscle strength and range of movement to improve activities for daily living in a low-impact, non-weight bearing group class.

Strength Training: Designed to target all major muscle groups, this class incorporates a variety of exercises, including weightlifting, bodyweight training, and beyond! Whether you're a beginner or an experienced lifter, our expert instructors will guide you through challenging workouts that will help you achieve your fitness goals.

TreadZone: Take your running to the next level as you combine speedwork and hills in this endurance-building cardio workout.

TRX: TRX is a form of suspension training that uses body weight exercises to develop strength, balance, flexibility and core stability simultaneously.

Weightlifting: This class is designed around a barbell to help you develop the fundamental movements of powerlifting and Olympic weightlifting. Under the guidance of our experienced instructors, you'll learn proper form, technique, and progressions to safely and effectively increase your strength and power.

Yoga: Develop balance, strength and flexibility while building mental strength through focus and mindfulness of skillful movements and breath.

Yoga 30/30: 30 minutes of gentle yoga preparing for a restorative, 30-minute led meditation: Yoga Nidra.

Zumba: Lose yourself in the calorie-burning beat and have a blast in this high-energy class. Target different muscle groups for a total body toning workout to your favorite songs.

• Group exercise classes are for JCC members only.

• Reservations through your JCC Member Portal are required for all group exercise classes and pick-up sports. Links to Virtual classes will be emailed after you make your reservation. Reservations will open 4 days in advance.

* Adult Pickup Sports are for members ages 18+ only. The JCC reserves the right to use the gym during these times for JCC programs and events.
