* - 3.0 and Below ((•)) Class livestreamed on Zoom
** - All Levels
*** - 3.5 and Above
**** - Women's Only Drop-In Play

*Adult Hip Hop (no class 9/23)

AQUA-FIT: Set to great music, this class delivers a low-impact workout that works to improve cardiovascular health and conditioning, while building muscular strength and endurance.

ADULT HIP HOP: Build your basic hip hop skills in this high-energy class focusing on rhythm, groove, coordination, and musicality. We'll learn a combination and put it all together in a fun, energetic, supportive environment.

BARRE: Isometric weight training, challenging muscles using a minimal range of motion. Floor exercises include abdominals, chest, legs, and gluteal muscles. The barre will improve your balance, build strength, increase flexibility, burn calories, and improve stability through a stronger core.

BOXING: A technique & cardio focused boxing class using basic but effective boxing combinations, calisthenics, and explosive plyometric movements to deliver an immersive and challenging workout with an opportunity to let loose and test your skills on the bag!

CARDIO & CORE: This class is designed to elevate your heart rate with dynamic cardio movements, followed by a focused core workout. You'll improve cardiovascular endurance and build a strong, stable midsection for a complete and efficient full-body session.

CHAIR YOGA: Chair yoga is a gentle practice in which postures are performed while seated and/or with the aid of a chair. Your instructor will guide you through a series of traditional poses, balance work, and meditation as you gain confidence and build strength.

CIRCUIT TRAINING: Get ready for a high-energy, full-body workout where you'll rotate through fast-paced strength and cardio stations. Designed for all fitness levels, this dynamic class combines high intensity workstations with built-in rest.

CORE & MORE: Blending Pilates-inspired moves and weight training to tone and strengthen, Core & More is more than crunches. Sculpt your midsection and train your core in a resistance and repetition focused workout.

FUNCTIONAL STRENGTH: Strength work to help improve your everyday activities! Modifications and variations will be made for every body!

HIIT CARDIO: Give it everything you've got in this high-intensity, conditioning-centric workout that utilizes interval training to improve your strength and cardiovascular health.

J-ROX: A high-energy blend of strength, endurance, and functional training designed to build total-body work capacity. Move through race-style intervals and athletic challenges that push your limits and elevate your performance through the use of sleds, farmers carry, wall balls, and various cardio equipment.

MASTERS SWIM: Provides an organized workout plan from a USA swim coach. Participants will receive coaching on how to improve their swimming and overall fitness and health.

PILATES: Strengthen your core, improve flexibility, and enhance overall body alignment with our dynamic Mat Pilates class. Designed for all fitness levels, this low-impact workout uses your own body weight and controlled movements to build lean muscle and mind-body awareness.

PILATES & STRENGTH: This class blends the core-strengthening and spinal mobility work of Pilates with an additional focus on building muscle with a heavy lifting portion. Best of both worlds!

PILATES & STRETCH: This class blends the core-strengthening principles of Pilates with a focus on deep, mindful stretching to improve flexibility and mobility.

POWER PILATES: An athletic and intense workout that combines traditional Pilates exercises with dynamic movements to increase heart rate and build strength.

POWER YOGA: Power yoga is a vigorous, fitness-based style of yoga that uses a flowing sequence of poses to build strength, flexibility, and endurance. It is often set to music and is known for its fast-paced and challenging nature.

POWER & PRECISION: Find your center and build functional strength in this hybrid class that pairs focused alignment work with muscular endurance work.

POWER & CORE: This is a full body workout that combines power moves, strength training with core-focused exercises to build overall muscular strength, endurance, and stability.

ROWING BOOTCAMP: A combination of rowing technique and strength building circuit training. You'll use weights, calisthenics, and cardio intervals for a complete full body workout. Great for people looking to improve rowing technique.

SCULPT & STRENGTH: This class is a fusion of sculpting and traditional strength training, designed to build lean muscle and increase overall power. You'll use a mix of free weights and bodyweight exercises to tone and define your entire body in a focused studio setting.

SPIN: Pedal your way to peak endurance and calorie-torching results in our high-energy, rhythm-driven indoor cycling class. Set to an immersive playlist, this low-impact, high-intensity workout combines powerful climbs and speed intervals to challenge both body and mind.

STEP: Performed by stepping on and off of an elevated platform while doing upper body movements, this aerobic workout improves overall fitness by building strength, reducing fat, and boosting your cardiovascular health.

STRENGTH & STRETCH: A focused blend of stretching and strength work to improve mobility, build stability, and support joint health

STRENGTH CIRCUIT: Use progressive resistance to control and develop strong, ripped muscles. Moderate weight with intervals of cardio will get you in the best shape of your life! This class is a great compliment to Les Mills BODYPUMP and cardio workouts.

STRENGTH IN CHAIRS: Increase muscle strength and range of movement to improve activities for daily living in a low-impact, non-weight bearing group class.

TOTAL BODY CONDITIONING: Build total-body power and strength in this high-energy class using high repetitions with free weights and body weight movements. Designed to challenge every muscle group, this hybrid workout will leave you feeling strong, powerful, and energized.

TOTAL BODY STRENGTH: This class focuses on heavier weightlifting to build serious strength across every major muscle group. Swapping complex choreography for pure power, you'll use resistance training to maximize muscle definition, boost your metabolism, and increase bone density.

TREADZONE: Treadzone is a high-intensity circuit class that fuses heart-pumping treadmill intervals with powerful strength training. To ensure individualized attention and guaranteed equipment, each session is strictly limited to 12 participants.

WALKING CLUB: Lace up your sneakers for a brisk outdoor walking club perfect for anyone looking to hit their step goals—this club is all about fresh air, good pace, and consistent movement. Dress for the weather, because we walk rain or shine!

WEIGHTLIFTING CLUB: Build foundational power in this structured and technique focused lifting session. Improve form, learn to spot, and build strength in this 10 week cycle lifting class.

YOGA: Develop balance, strength and flexibility while building mental strength through focus and mindfulness of skillful movements and breath.

YOGA 30/30: 30 minutes of gentle yoga preparing for a restorative, 30-minute led meditation: Yoga Nidra.

ZUMBA: Lose yourself in the calorie-burning beat and have a blast in this high-energy class. Target different muscle groups for a total body toning workout to your favorite songs.

- Group exercise classes are for JCC members only.
- Reservations through your JCC Member Portal are required for all group exercise classes and pick-up sports. Links to Virtual classes will be emailed after you make your reservation. Reservations will open 5 days and 2 hours in advance.

* Adult Pickup Sports are for members ages 18+ only. The JCC reserves the right to use the gym during these times for JCC programs and events.
